

Prywatne Akademickie Centrum Kształcenia

„Szkoly niepubliczne w pewnym sensie tworzą enklawę pedagogicznej wolności. Ów stosunkowo szeroki zakres swobody stanowi w pierwszym rzędzie rodzaj wyzwania, aby zmierzyć się z najistotniejszymi problemami edukacji. Przestrzeń wolności bowiem to w głównej mierze przestrzeń odpowiedzialności - za właściwy rozwój intelektualny i emocjonalny młodzieży powierzonej nam przez rodziców.”

— Jerzy Waligóra *fragm. artykułu Szkolnictwo niepubliczne.*
„Ojczyzna Polszczyzna” 1995, nr 2

GOSIA MAJCZAK

Gosia is a third year Arts & Sciences student, majoring in Economics with Mathematics and minoring in Law at University College London. She has served as President of UCL Polish Society and Vice-President of Federation of Polish Student Societies in the UK. She has successfully conducted two student conferences Congress of Polish Student Societies in Oxford and UCL Leaders: Poland in Global World Conference. As a strong advocate of the concept of polymaths, she broadens her knowledge in various disciplines ranging from mathematics, through econometrics to environmental economics, EU and International Law. Enthusiastic and energetic, she keeps herself busy all the time, can't stay in one place for long. An avid skier, true adventure seeker, analog photography and design enthusiast. Supporting the liberal vision of the world, Gosia is an advocate for the European Union and the United Nations, where she had opportunity to intern last summer. An idealist at heart, she sees the greater wisdom in pursuing closer global cooperation and stronger human unity.

GLOBAL EDUCATION
ONLINE MEETING WITH
PASSIONATE STUDENT

Meet Hanna, who physically and mentally embodies the concept of interdisciplinary thinking. As a IB Alumna, she juggles studying with her long acquired passion for Kiteboarding. One week she travels the world to compete in exotic locations such as Fiji, but come Monday you can find her at the prestigious University College London's library working strenuously. Studying Arts and Sciences, Hanna indulges in juxtaposed fields of study allowing her to obtain a deep understanding in subjects such as: economics, law, psychology and quantitative methods.
